## Interest Growing As Election Nears

### Lack of County Races May Result in Light Vote; Senate Race Holds Stage

A growing interest in political matters seen this week by observers, forecast a much larger vote in Hamlin and western Jones County than was at first expected, in spite of the fact that no county races are at stake on the ballot.

The election, set for Tuesday, November 2, is expected to see a much larger turnout than has been forecast for the past several weeks.

Increasing tempo in the hotly contested race for United States Senator is credited with the quickened interest of county voters.

What was at first believed to be merely a formality, seems to have turned into a race with a remote possibility seen of an upset for senator.

Lyndon Johnson, disputed nominee of the Democratic party, began an intensive campaign this week to offset admitted inroads in his vote by Jack Porter, Republican aspirant. The three-way contest for Texas' electoral votes for the presidency

seemed certain to result in the casting of this state's strength for Harry S. Truman, in spite of the belated support of Governor Strom Thurmond, States' Rights candidate, and Governor Thomas E. Dewey, Republican nominee.

In Hamlin there was little doubt that the majority would be overwhelmingly for Truman and Johnson.

**Voters in Hamlin's West box, No. 30, will cast their ballots next Tuesday in the City Hall instead of in the High School building, Miss Lennie Greenway, presiding judge, has announced. The city offices will be closed for business throughout the day.**

son, despite the fact that Porter's strength has increased considerably within the past few days.

The prime factor in Porter's surprising show of support is credited to former Governor Coke R. Stevenson's announcement of his support for the Republican. Stevenson, a candidate in the Democratic primary, is campaigning actively for the congressman.

Officials for the two Hamlin boxes were announced this week by County Judge Roger Garrett. For the East box, No. 19, the officials are: John H. Agnew, presiding judge; Earl Whaley and D. J. Herbst, associate judges.

For the West box, No. 30 the officials are: Miss Lennie Greenway, presiding judge; Tate May, Mrs. M. Y. Wilson and Art Carmichael, associate judges.

## Sock Supper Planned In Hamlin School

## Pipers Face Snyder Friday Night; Merkel Was Victorious Last Week

Smarting from a decisive trouncing at the hands of the Merkel Badgers on the victors' home field last Friday, the Hamlin Pipers settled down this week to serious training for the cellar-occupying Snyder Tigers at Snyder Friday evening.

The kickoff will take place at 7:30, instead of at 8:00, it has been announced.

In the Merkel game the Pipers took the little end of a 19-6 score. Donald Wayne Douglas led the Badgers in their victory over the locals.

Douglas scored all the points for Merkel. He crashed over right tackle for one yard and a goal early in the second period. The touchdown was set up by Brandon Wade, who returned a punt to the Pipers' 22 yard line.

The Pipers came back strong to tie the score in the same period when little Joe Ford, stellar half-back, raced 50 yards. Joe Dean failed to convert, and Hamlin did not score again during the game.

The Badgers came back to march 71 yards immediately following the next kickoff, with Douglas packing the ball the last five over tackle. He went through the same hole for the extra score which made the tally 13-6 at halftime.

The Pipers held their foes scoreless during the third, but late in the fourth Douglas tallied again.

In spite of the fact that Snyder has tagged behind all other teams in the western half of the conference, Coach Jesse Burditt warned this week against overconfidence.

"The Pipers will have to be at their best to win, in spite of the unimpressive record of the Tigers," he said.

Burditt said the Hamlin lads are in good condition for the tussle except for a rib injury on D. D. "Sugar" Green. He said Green will not be permitted to play unless the injury appears to be completely healed.

Two other injuries dogged the Pipers this week, but Burditt said he believes they will not interfere with the players who suffered them.

### MEMBERSHIPS AVAILABLE

Only two days remain in which to join the Stamford Civic Music Association, it was announced this week. Only members of the group will be permitted to attend the concerts scheduled for the winter months.

Joe Ford, fleetfooted backfield man, and Joe Dean both suffered slight leg injuries.

## Nazarene Revival Is Underway This Week

A revival meeting, which began in the Hamlin Church of the Nazarene Wednesday evening, was attracting large crowds, Rev. Howard Smith, pastor of the church, said Thursday.

Rev. Joe Norton of Hamlin, former pastor at Post, is in charge of the services. Mrs. Betty Waggoner and Miss Helen Lavelly, both of Indiana, will arrive here Monday to take charge of the music and singing for the meeting, Smith said.

### BOYD PAYS FINE

W. W. Boyd was fined \$14 and costs in justice court this week when he entered a plea of guilty to a charge of being intoxicated. The arrest was made by J. H. Foster, chief of police.

Mrs. J. B. Milsap has returned to her home in Hamlin after a visit with relatives in Goldthwaite.

## Drunk Driving Count Brings Fine to Boyd

A charge of driving while intoxicated, fined in county court this week against Art Boyd, resulted in a fine of \$50 and costs, when the defendant entered a plea of guilty to the charge.

Boyd was arrested by J. H. Foster, chief of police, in the northeast part of Hamlin. He was taken to Anson where the charge was filed. In addition to the fine Boyd's driver's license was revoked.

## Conway No. 2 Is Nearing Reef in Hamlin's Field

With the tools bottomed at 4,600 feet Tuesday night, drillers at the Conway No. 2 well west of Hamlin were expecting to pick up paying production in the Reef before the end of the week.

The Dr. Bryant No. 1 Swenson was at 3,010 feet and drilling ahead with paying sand expected at about 4,700 feet, according to observers.

The crew at the Phillips test on the Terrell tract had a fishing job for several days this week when a string of tools were lost in the hole. Drilling will be resumed as soon as the tools are recovered.

The Round Top Oil Company's No. 1 Norma F. Conway, et al, has been completed and given official gauge of 365.77 barrels of 40 gravity oil in 24 hours through a quarter inch choke with 250 pounds on casing and 400 pounds on tubing. Production is from reef lime at 4,650 4,750 feet.

The well is located 330 feet from the north and 725 feet from the west line of the south 48.8 acres of J. M. Yobb pre-emption survey.

## Bennett Will Speak in Methodist Church

Gordon R. Bennett, former superintendent of Hamlin High School and now assistant to the president of McMurry College, Abilene, will speak at the morning worship service in the Hamlin Methodist Church Sunday, Dr. W. C. House, pastor, has announced.

Bennett also will address the Men's Bible Class at 10:00 o'clock, Dr. House said. The public is invited to attend.

Mrs. J. R. West is a guest of her nephew, John Hitt, of Knox City this week.

## Business Houses To Close Nov. 11

### Full Day Program is Planned by VFW And Legion; Grid Game Is Scheduled

Plans for a full day's program in celebration of Armistice Day were revealed here this week as a joint project of the Hamlin Veterans of Foreign Wars and the American Legion.

Clyde Huff, chairman of the VFW committee for the program, said that all business houses in Hamlin will be requested to close throughout

the day to enable employees to join in the celebration.

A parade is scheduled for 10:45 through downtown streets, when color guards and flag bearers from both the VFW and Legion will have a part. All ex-service men are invited to don their uniforms and take part in the parade.

A memorial service will be held on a downtown street at 11:00 o'clock with an out of town speaker for the main address.

Pastors of all of Hamlin's churches will be invited to be on the speakers platform during the service.

A free barbecue for all ex-service men and their families is planned at noon. The barbecue will be staged in City Park and more than 300 people are expected to attend. Climaxing the day's festivities will be a football game between Hamlin Pipers and the Rotan Yellowhammers, conference leading grid-ters.

Additional plans for the day's program will be published after the committees have selected the speaker for the day's program.

Members of the VFW committee are Huff, Harold Wheat, Travis Smith, C. W. Gold, James Wood, John Scarborough, Joe Chibertson and Lewis Yates.

## Plans Made for Annual Sale of Legion Poppies

Plans for the annual sale of poppies, manufactured by wounded and disabled veterans in government hospitals, are being made in Hamlin by the American Legion Auxiliary, Mrs. Gilbert Bowman, committee chairman, said this week.

The idea of using the poppy as a perpetual memorial to the war dead arose shortly after the first World War, Mrs. Bowman said. It came about because of the large number of poppies that bloom in France where so many American men died.

The poppies are made by the disabled veterans during the year and sold to Legion Auxiliaries, who in turn sell them to the public.

Money derived from the sale of the paper flowers is used for the veterans' welfare and for their personal needs.

Exact date for the poppy sale in Hamlin has not yet been set, but will be announced within a few days.

## Sylvester Is Host to Singing Convention

Sylvester will be host to the Fisher County Singing Convention in its quarterly Fifth Sunday meeting, it was announced this week. The convention will be held Sunday afternoon and evening in the Methodist Church.

The Stamps-Baxter Ozark Quartet, widely known throughout this area, will be one of the featured attractions at the convention.

The quartet will also give a concert Saturday night, October 30 in the Sylvester Methodist Church, it was announced.

## VFW Pledges Gift to Hospital Each Month

A pledge of a cash donation of \$10 each month to the Hamlin Memorial Hospital was made this week by the Hamlin post of Veterans of Foreign Wars, members of that organization said.

Later, the VFW said, it is planned to increase the amount to \$25 each month. The money is given in honor of the memory of young men who gave their lives in the service of their country, a spokesman for the group said.

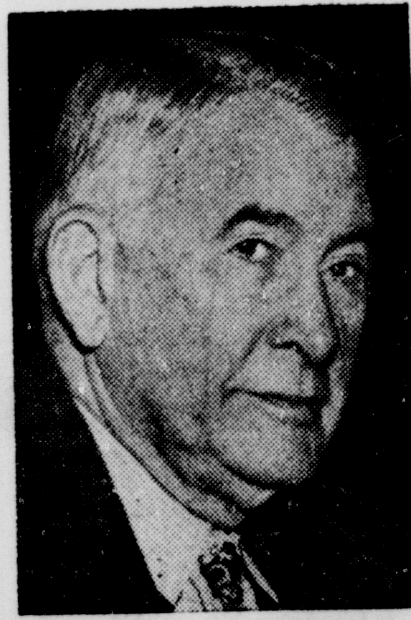

**IN CALLAN HOSPITAL.**  
W. F. Johnson of Hamlin was given medical treatment in the Callan Hospital in Rotan last week. Mrs. Howard Neely of Sylvester was also a medical patient in the Callan Hospital.

Mr. and Mrs. O. J. Cash have moved from Hamlin to Presidio.

## It's Up To You Now

It is neither the purpose nor the right of The Hamlin Herald to tell any person how to vote; nor is it our intention to boost any candidate above any other candidate in the election set for next Tuesday.

But it is our purpose and it is our right—more than it is our duty—to insist that you and your neighbor and every other individual who is entitled to the right of franchise go to the polls next Tuesday and do your duty as a free citizen of a free republic.

For the past weeks and months you have been belabored by speeches and propaganda and charges and counter-charges. You have heard the virtues of one party extolled and the vices of the other exposed. You have heard candidates offer themselves for your service and you have heard their opponents denounce them.

It has been a typically American election, with much old-fashioned oratory and some slinging of mud, but it has been a re-enactment of one of our basic American traditions.

Millions of dollars have been spent in newspaper and circular advertising, and more millions have gone to bring you speeches on the radio. All of this money has been spent for useful purposes. All of it brings home to us the fact that in America we have the right to choose and select.

Now the campaign is drawing to a close. The work of the candidates is almost done, and the hoarse voices of their opponents soon will fade into echoless silence. Then, Mr. and Mrs. Voter of Hamlin, it will be up to you.

Your vote is important—vitally important. Upon it depends the survival of our system of government and our way of life. It is your privilege to vote, and more than that, it is your duty. You cannot be true to the trust of citizenship if you evade or neglect this important function.

In all other things you may be a model of virtue and a worthy American, but if you fail to vote next Tuesday you will lack that much of being a good citizen.

Go to the polls Tuesday and vote. Search deep within your heart and vote for the man whose record and whose platform comes nearer the principles upon which your own political theory is based.

And as you enter the polling booth, there will be no one but your own conscience and your own God to see the choices that you make.

Whatever other important matter you have planned for next Tuesday, don't permit anything at all to keep you from the exercise of this vital privilege which is ours as Americans.

**VOTE YOUR SENTIMENTS—BUT BE SURE TO VOTE.**

## Insufficient Attention

Not enough attention was paid one of the special "weeks" celebrated in the United States recently—not nearly as much attention as its importance should have commanded.

We refer to National Bible Week, which had been slated for October 18-24. The event passed almost unnoticed and with only a brief amount of attention being directed toward it from any of the groups which should have heralded it the loudest.

The Bible either is what it is claimed to be—the word of God—or it is only a myth. It either contains the way of life, or it is a monumental hoax cruelly foisted upon mankind by hypocritical charlatans.

If it is a myth and a hoax then it should be declared such and placed in the same category with the tales of Grimm and Anderson and the myths of ancient Greece. But if it is actually the word of God to His creation on earth, then it is deserving of greater respect and more careful reading.

Within the covers of the Bible one can find the most beautiful poetry, the most stirring adventure and romance, the most logical argumentation and the most profound wisdom of all ages. It contains the ultimate in moral codes and teachings that will enrich any life when studied.

Americans—the most blest people of all ages—know the richness of heart and life that can come from a study of the Bible, but far too few of us take advantage of this great storehouse of wisdom.

It has been truly said that the Bible is sold more and read less than any other great book.

It would be well for us as a people to change this situation and make the Bible not only the widest sold book, but also the most read.

## Figure Out This One

Just 12 years ago the national administration was spending a bit less than \$5,000,000,000 to stimulate business and make prices go zooming upward. Now the national administration is spending about eight times as much money as it did in 1936 and appealing all the time for the election of Truman and Barkley in order to "whip high prices."

We can't understand it. We just can't understand it at all. Can it be that somewhere along the line there is a point where excessive spending ceases to make prices go up and begins to make them go down? —San Angelo Standard-Times.

## Brisk Trading Stirs Cotton Prices In Oklahoma-Texas Area Last Week

Good demand for most cotton stirred up brisk trading last week at Oklahoma and Texas markets, according to reports recently made to the Production and Marketing Administration, United States Department of Agriculture.

Sales at Dallas, Houston and Galveston climbed to 129,220 bales, or about four per cent larger than the previous week. A similar rise in sales occurred at the nation's 10 leading spot markets.

Prices held firm throughout last week. Highest price paid in the two states for middling 15-16 inch was 31.20 cents per pound at Galveston and the lowest was 30.60 cents at Dallas. Average price for the 10 markets was 31.14 cents last Thursday only 34 points below the average on the corresponding day last year.

More European countries entered the cotton market last week to improve export demand. Also, inquiries from domestic mills for both prompt and deferred shipments increased. Demand for current ginnings was good and a moderate volume move into trade channels at prices equal or above the government loan rate. Farmers were offering more freely than in recent weeks.

Oklahoma and West Texas reported excellent progress in picking and ginning of the cotton crop as fair weather prevailed. More pickers are needed in some West Texas counties.

Cottonseed prices to farmers went up \$1.00 per ton in Texas. Average price for the states stood at \$65.40 per ton with prices ranging from \$60 to \$85. Average price paid to Oklahoma farmers was \$60.50 per ton last week, only 10 cents lower than the previous week's average. Prices ranged from \$60 to \$70.

Cottonseed grades averaged higher in Oklahoma, but lower in Texas last week.

Mrs. D. J. Turner and daughter, Mrs. Nettie Williams, returned this week from Dallas and Fort Worth, where they had been guests of relatives.

## Social Security Man To Visit Stamford

Ralph T. Fisher, manager of the Abilene office of the Social Security Administration, will be at the Stamford Post Office at 3:00 p. m. on Thursday, November 4. On the same day he will at the Haskell Chamber of Commerce at 10:00 a. m. Persons wishing to file retirement or death claims, or having social security problems to discuss, should call at whatever point is most convenient.

"Going to work on a new job without showing your social security card to the employer is as big a gamble as putting money in a bank without giving your name," says Fisher, "your wages can't be posted to your old-age and survivors insurance account, just like your money can't be credited to your bank account. And the chances are that your Federal insurance account is more valuable than your bank account."

The evening's entertainment will be climaxed by the crowning of the high school queen.

of your wages are posted to your account," Fisher said, "because the retirement or survivors benefits that you and your family will collect is a percentage of the wages that have been entered into your account. The way to assure that all of your wages will be posted is to show your social security card to each employer at the time that he puts your name on his payroll."

## State University to Make Survey of Teacher Shortage; Need Grows Acute

Why aren't there more college students training to become elementary school teachers?

This question is being asked by school administrators throughout the state; so the University of Texas is going to do its part in helping to find the answer. This fall a survey will be made in the College of Education to find out why more students are not interested in teaching in the elementary grades.

Attention was focused on the need for elementary teachers recently when Superintendent M. P. Baker of Corpus Christi schools circulated a letter to college and university administrators and deans pointing out that thousands of dollars are spent by schools each year in retaining

secondary school majors into elementary majors.

"The trouble lies in present archaic certification laws, and differentials in salary," Dr. Cora Martin, University elementary education professor, said. "One of our greatest needs is that of united effort of all educational forces toward removing known reasons for the unpopularity of the elementary school level of teaching. Concerted action on the part of administrators could change the certification laws, and this same group could remove the salary differentials in all schools."

"Other steps could establish prestige for elementary teachers, such as the discontinuance of putting all the inexperienced teachers in the

elementary grades, the placing of high school trained teachers in elementary grades, and assignment to high school teachers of all responsibilities that carry honor and recognition."

Successful applicants will be permitted to take any college course they desire but must include certain naval subjects. In return for payment of tuition, books and other normal fees and a \$50 per month living allowance the student is obligated to participate in naval drills

## Retirement Plan for Judges Is Proposed

## 62,000 Texas Students Defective in Speech, Head of Institute Declares

There are more than 62,000 speech defective youngsters attending elementary schools in Texas today—"and another 8,300 will be added next year"—a study by the Institute of Logopedics revealed this week. The Texas figures were a part of a general study of the number of speech-defective youngsters in the nation's schools.

In what he called "a frank attempt to make the public aware of the plight of speech defective persons," Dr. Martin F. Palmer, director of the Institute, explained that the grim prediction for 1949 was "nothing unusual", but was based upon the fact that five per cent of the children born in any year will have speech defects to overcome.

In America today, he said, 4,000,000 persons are handicapped by speech disorders—a number equal to two-thirds of the population of the Lone Star State.

"Speech defects have baffled medical science for hundreds of years, so far as preventative measures are concerned," Dr. Palmer said, "and there is no ground for hope that Texas or the nation can expect any decrease in their occurrence. However, in the field of correction—that is, logopedics—great strides have been made in the

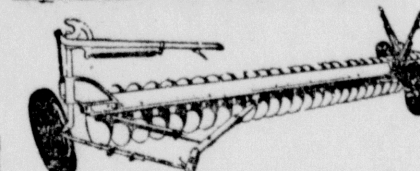

last two decades. It has been demonstrated that even severe types of speech defects can be corrected by scientific training.

"This gives rise to the hope that in the not too distant future establishment of adequate facilities and adoption of logopedics as a career by a sufficient number of young men and women will make it possible for all of the speech-handicapped to have professional assistance. However, this time will not come until there is greater public concern over the problem of speech defects."

### Sentinels of Health

Don't Neglect Them!

Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of toxic impurities. The act of living—life itself—is constantly producing waste matter the kidneys must remove from the blood if good health is to endure. When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel tired, nervous, all worn out.

Frequent, scanty or burning passages are sometimes further evidence of kidney or bladder disturbance.

The recognized and proper treatment is a diuretic medicine to help the kidneys get rid of excess poisonous body waste. Use **Doan's Pills**. They have had more than forty years of public approval. Are endorsed the country over. Insist on Doan's. Sold at all drug stores.

## POT-SHOTS FROM McCAULLEY

GEORGE DARDEN

Several of the local fathers and mothers attended the home coming at McMurry College in Abilene last Saturday. After enjoying a fine program of speeches, band concerts and singing we had six o'clock dinner with the students in the Iris Grisham dining hall. Following the dinner we went to the Fair Park where we saw one of the most thrilling football games when McMurry nosed out Abilene Christian College by a score of 13 to 9. It was a big day for the ex-students as well as the present student body and their parents.

Hubert Carson, a McCauley boy and a senior at McMurry College is president of the student body. He is a member of the College band and a singer of no mean ability. Another boy making good is Johnnie Max Jones also a member of the band and who sings with the McMurry Trio. He too is a senior, as well as his older brother, Bennie Ray.

Mr. and Mrs. Roy Miers from Dumas, visited Sunday with relatives in McCauley and Rotan. Both are graduates of McMurry College and attended the McMurry home coming in Abilene over the week-end.

The McCauley Eagles tied the St. Joseph Academy team of Abilene last Friday on the McCauley gridiron. It was the best game of the season according to reports of all football fans in this vicinity. Although the McMurry lads were outweighed an average of 15 pounds the local players made up the difference in speed and expert handling of the ball. The score was 40 to 0 at the half. Shifty Howard Fought, on receiving the kickoff in the third quarter and with superb blocking by his team mates, ran 80 yards to pay dirt for the first touchdown. Extra point failed. St. Joseph made its lone tally late in the fourth quarter when No. 20 for the visitors caught a long 45 yard pass and went over standing up. The visitors failed to make the extra point. Thus the most exciting game seen in these parts ended in a 6 to 6 tie. Tyrus Hicks and Howard Fought, ends for the local lads, played jam up defensive ball and Pud Lawlis and W. A. Hawkins did some fine blocking and ground running. Both are good pass receivers. At one time during the game Hawkins intercepted a pass and ran 40

yards before being hauled down. Paul Waldrop and Howard Lawlis were two good reasons why the visitors could not penetrate the Eagle line. Both teams proved to be plenty good on both defensive and offensive plays. McCauley was undefeated and untied in three seasons until last Friday. The local lads are yet to be defeated. The St. Joseph team had won five games and was undefeated this season. The same two teams met on the McMurry gridiron the night of November 3 in Abilene. Let's go and root for the Eagles.

Mrs. Louis Boyd has returned from Temple as a Fisher County delegate to the Texas Home Demonstration Convention. Mrs. Boyd is the McCauley HD Club chairman.

The Stamps-Baxter Quartet of Dallas will give a concert in the Sylvester High School on the night of October 30. They will also appear at the Fisher County singing in Sylvester on Sunday, October 31.

Mr. and Mrs. M. A. Darden and Mr. and Mrs. Vernon Darden and daughter from Girard visited in McCauley last Sunday afternoon.

Charley Lee, student at McMurry College, visited his parents, Mr. and Mrs. O. R. Lee last week-end.

The Noodle High School football team defeated Sylvester High School by a score of 33 to 2 last Monday afternoon on the Sylvester gridiron. Thanks to J. I. Parker for a year's subscription to The Herald last week.

Mrs. A. M. Eivens is back home and doing fine after several weeks in hospitals at Roby and Stamford. Her daughter, Mrs. Drennon, of Spur is visiting with her.

### County Men Named to Committee Positions

A. L. Thompson of Anson and C. C. Westfall of Stamford have been named to membership on the Committee for Redistricting, it was announced this week by John Ben Shepperd, state chairman.

The committee is working for passage of the constitutional amendment No. 2 in the November 2 election. This amendment would permit the redistricting of Texas to give more proportionate representation, Shepperd said.

## 'AMOS 'N' ANDY' RETURN

"Amos 'n' Andy," whose inimitable humor and fantasy have proved to millions of Americans the enduring value of their art, are back on CBS with a new Sunday half-hour series. Embraced by each new generation as its own discovery, their rare comedy is augmented in the new series by all their celebrated friends and neighbors, every one a "character" in his or her own right.

### Books, Cash Given in Tribute Mrs. Wendel

Books and cash were contributed by scores of Hamlin residents in a memorial service Sunday for the late Mrs. Mary Olive Wendel. The service was conducted Sunday evening in the Hamlin Church of the Nazarene.

Rev. Howard Smith, pastor of the church, said Monday that an excellent start has been made toward the creation of a memorial library in the church. He said the church congregation expressed sincere appreciation to all who contributed to the project.

Employees of the Hamlin Community donated \$25 toward establishing the library.

### GUESTS IN PERRY HOME.

Mrs. J. Absher of Edinburg is spending the winter in the home of her sister, Mrs. E. F. Perry of Hamlin. Mrs. Alex Gacuchy of Baton Rouge, Louisiana, is also a guest in the Perry home this week.

## Commissions Offered Qualified Veterans

Qualified veterans of the Armed Forces who have completed two years of college can get immediate commissions as second lieutenants in the Officers' Reserve Corps under a plan recently announced by the Department of the Army. Successful applicants will be given two years active duty with the Army.

The program is part of an intensive Nation-wide campaign to rebuild the officer strength, particularly in the company grades. The expansion of the Army has created many openings in the officer grades.

The offer is open to men between the ages of 19 and 32, who have had at least one year's active service in any of the Armed Forces of the United States during the period December 7, 1941, and June 30, 1947. The educational requirements specify that the applicant must have completed two years at a nationally accredited college or university, and score at least 110 in the Army's General Classification Tests.

Applicants must pass a physical examination and be approved by a board of officers. These boards are located throughout the United States, at Army posts and stations and at United States Army recruiting district headquarters.

This opportunity for commission status also is available to men now serving in the Army.

### BLUE BIRDS ELECT.

Officers were elected Wednesday for the Blue Bird group of the Hamlin Camp Fire Girls, when members met in the Legion Hut at 4 o'clock. The following officers were named: Gloria Gene Rodgers, president; Elizabeth Ann Johnson, vice president; Sally Jo Goodwin, secretary; Barbara Connolly, treasurer; Marsha Carson, reporter. Monitors selected were Judy Parker, Brenda Gould, Glenda Wick, Kay Seymore and Kay Shelburne. Mrs. Don Gould is leader and Mrs. Paul Wick, assistant leader of the group.

### FFA EXHIBITS STOCK.

Several members of the Hamlin FFA will exhibit stock in the Fisher County Fair at Roby this week-end. Hereford beef steers will be exhibited by Wesley Campbell and James Brigham. Elton Campbell and Wesley Campbell will show durc barrows; Raymond Seifres will show a sow and litter; Donald Johnson, Raymond Seifres and James Brigham will show Jersey heifers, and Roy Riley and W. S. Wilcox will show poultry.

Patience and a helpful wife made it possible for Arnold C. Pearson, an airplane engineer, to make this appealing Speed Graphic portrait of his son, Carl. After several unsuccessful attempts at getting Carl to pose, Pearson enlisted the aid of his wife who knelt behind the screen door and held the boy in position.

## Boy Scout Troop to be Organized in Hamlin

## Interest Growing As Election Nears

### Lack of County Races May Result in Light Vote; Senate Race Holds Stage

A growing interest in political matters seen this week by observers, forecast a much larger vote in Hamlin and western Jones County than was at first expected, in spite of the fact that no county races are at stake on the ballot.

The election, set for Tuesday, November 2, is expected to see a much larger turnout than has been forecast for the past several weeks.

Increasing tempo in the hotly contested race for United States Senator is credited with the quickened interest of county voters.

What was at first believed to be merely a formality, seems to have turned into a race with a remote possibility seen of an upset for senator.

Lyndon Johnson, disputed nominee of the Democratic party, began an intensive campaign this week to offset admitted inroads in his vote by Jack Porter, Republican aspirant.

The three-way contest for Texas' electoral votes for the presidency

seemed certain to result in the casting of this state's strength for Harry S. Truman, in spite of the belief of Governor Strom Thurmond, States' Rights candidate, and Governor Thomas E. Dewey, Republican nominee.

In Hamlin there was little doubt that the majority would be overwhelmingly for Truman and Johnson.

Voters in Hamlin's West box, No. 30, will cast their ballots next Tuesday in the City Hall instead of in the High School building, Miss Lennie Greenway, presiding judge, has announced. The city offices will be closed for business throughout the day.

son, despite the fact that Porter strength has increased considerably within the past few days.

The prime factor in Porter's surprising show of support is credited to former Governor Coke R. Stevenson's announcement of his support for the Republican, Stevenson, a candidate in the Democratic primary, is campaigning actively for the congressman.

Officials for the two Hamlin boxes were announced this week by County Judge Roger Garrett. For the East box, No. 19, the officials are: John H. Agnew, presiding judge; Earl Whaley and D. J. Herbst, associate judges.

For the West box, No. 30 the officials are: Miss Lennie Greenway, presiding judge; Tate May, Mrs. M. Y. Wilson and Art Carmichael, associate judges.

## Sock Supper Planned In Hamlin School

Plans for a sock supper to be given in the Hamlin Elementary School Monday evening, November 1, were announced this week by the Friendship Home Demonstration Club.

The bidding is slated to begin at 7:30. Socks filled with food will be auctioned for both adults and children.

## Oil Is Put on 50 Blocks of City's Streets

Approximately 50 blocks of Hamlin's streets were being given an oil treatment Wednesday in an effort to rid the city of dust and to guard against mud during the coming winter.

The oil was being applied under direction of Mayor Holly Toler and the city street department, at the request of property owners.

Money for the improvement was being put up by owners of property adjacent to the streets treated. Cost was said to be approximately \$60 for each block.

Only one treatment with oil was being given, Toler said.

Streets that were given oiling this week were First from Central Avenue west; Houston, Adams, Hope, Jackson, Union and Sixth.

Additional blocks will be improved when further money is paid in and additional material is acquired.

## Mighty Mice Tie Stamford Pups In Second Game

Hamlin's Mighty Mice failed in their attempt at revenge against the Stamford Bull Pups last Thursday, and ended the game with a 6-6 tie against the invaders.

The Mice, winners of every game this season, except the two ties against Stamford had determined to get revenge for a one-point defeat handed them in the season's second game.

Keith Miles of Stamford intercepted a pass and carried the ball across for the Pups' touchdown.

In a hideout play with Marvin Johnson on the throwing end and Troyce Hargrove receiving, the Mice evened the count, but failed to convert.

The Mice will go to Merkel Thursday evening for their second try against the junior team from that school. Hamlin won its first contest with Merkel.

"Fat" Hargrove, stellar performer for the Mice, will be out of the game this week because of a leg injury. Coach Johnny Howell said Wednesday.

The last game of the season for the Mighty Mice will be played on home territory Thursday evening of next week when the Anson team will come here for the second contest of the year between the two.

## CUBS MEET TUESDAY

Approximately 30 members of the Cub Pack, with 20 parents, met in the Elementary School auditorium Tuesday evening for a display of handicraft and exchange of products. Sponsor T. O. Kelley had charge of the evening's program. A program for next month was outlined by Kelley.

Mrs. Maggie M. Bigham, center, front row, above recently celebrated her 82nd birthday anniversary. Shown with Mrs. Bigham at her home in Hamlin are a large number of friends and relatives from various places in West Texas, New Mexico and Oklahoma, who came to pay their respects to the aged woman. ## Pipers Face Snyder Friday Night; Merkel Was Victorious Last Week

Smarting from a decisive trouncing at the hands of the Merkel Badgers on the victors' home field last Friday, the Hamlin Pipers settled down this week to serious training for the cellar-occupying Snyder Tigers at Snyder Friday evening.

The kickoff will take place at 7:30, instead of at 8:00, it has been announced.

In the Merkel game the Pipers took the little end of a 19-6 score. Donald Wayne Douglas led the Badgers in their victory over the locals.

Douglas scored all the points for Merkel. He crashed over right tackle for one yard and a goal early in the second period. The touchdown was set up by Brandon Wade, who returned a punt to the Pipers' 22 yard line.

The Pipers came back strong to tie the score in the same period when little Joe Ford, stellar half-back, raced 50 yards. Joe Dean failed to convert, and Hamlin did not score again during the game.

The Badgers came back to march 71 yards immediately following the next kickoff, with Douglas packing the ball the last five over tackle. He went through the same hole for his extra score which made the tally 13-6 at halftime.

The Pipers held their foes scoreless during the third, but late in the fourth Douglas tallied again.

In spite of the fact that Snyder has tagged behind all other teams in the western half of the conference, Coach Jesse Burditt warned this week against overconfidence.

"The Pipers will have to be at their best to win, in spite of the unimpressive record of the Tigers," he said.

Burditt said the Hamlin lads are in good condition for the tussle except for a rib injury on D. mild "Sugar" Green. He said Green will not be permitted to play unless the injury appears to be completely healed.

Two other injuries dogged the Pipers this week, but Burditt said he believes they will not interfere with the players who suffered them.

### MEMBERSHIPS AVAILABLE

Only two days remain in which to join the Stamford Civic Music Association, it was announced this week. Only members of the group will be permitted to attend the concerts scheduled for the winter months.

Joe Ford, fleetfooted backfield man, and Joe Dean both suffered slight leg injuries.

## Nazarene Revival Is Underway This Week

A revival meeting, which began in the Hamlin Church of the Nazarene Wednesday evening, was attracting large crowds, Rev. Howard Smith, pastor of the church, said Thursday.

Rev. Joe Norton of Hamlin, former pastor at Post, is in charge of the services. Mrs. Betty Waggoner and Miss Helen Lavelly, both of Indiana, will arrive here Monday to take charge of the music and singing for the meeting, Smith said.

### BOYD PAYS FINE

W. W. Boyd was fined \$14 and costs in justice court this week when he entered a plea of guilty to a charge of being intoxicated. The arrest was made by J. H. Foster, chief of police.

Mrs. J. B. Millsap has returned to her home in Hamlin after a visit with relatives in Goldthwaite.

## Drunk Driving Count Brings Fine to Boyd

A charge of driving while intoxicated, fined in county court this week against Art Boyd, resulted in a fine of \$50 and costs, when the defendant entered a plea of guilty to the charge.

Boyd was arrested by J. H. Foster, chief of police, in the northeast part of Hamlin. He was taken to Anson where the charge was filed. In addition to the fine Boyd's driver's license was revoked.

## Conway No. 2 Is Nearing Reef in Hamlin's Field

With the tide bottomed at 4,800 feet Tuesday night, drillers at the Conway No. 2 well west of Hamlin were expecting to pick up paying production in the Reef before the end of the week.

The Dr. Bryant No. 1 Swenson was at 3,010 feet and drilling ahead with paying sand expected at about 4,700 feet, according to observers.

The crew at the Phillips test on the Terrell tract had a fishing job for several days this week when a string of tools were lost in the hole. Drilling will be resumed as soon as the tools are recovered.

The Round Top Oil Company's No. 1 Norma F. Conway, et al, has been completed and given official gauge of 385.77 barrels of 40 gravity oil in 24 hours through a quarter inch choke with 250 pounds on casing and 400 pounds on tubing. Production is from reef lime at 4,550 4,750 feet.

The well is located 330 feet from the north and 725 feet from the west line of the south 48.8 acres of J. M. Yobbs pre-emption survey.

## Bennett Will Speak in Methodist Church

Gordon R. Bennett, former superintendent of Hamlin High School and now assistant to the president of McMurry College, Abilene, will speak at the morning worship service in the Hamlin Methodist Church Sunday, Dr. W. C. House, pastor has announced.

Bennett also will address the Men's Bible Class at 10:00 o'clock, Dr. House said. The public is invited to attend.

Mrs. J. R. West is a guest of her nephew, John Hitt, of Knox City this week.

## Business Houses To Close Nov. 11

### Full Day Program is Planned by VFW And Legion; Grid Game Is Scheduled

Plans for a full day's program in celebration of Armistice Day were revealed here this week as a joint project of the Hamlin Veterans of Foreign Wars and the American Legion.

Clyde Huff, chairman of the VFW committee for the program, said that all business houses in Hamlin will be requested to close throughout

the day to enable employees to join in the celebration.

A parade is scheduled for 10:45 through downtown streets, when color guards and flag bearers from both the VFW and Legion will have a part. All ex-service men are invited to don their uniforms and take part in the parade.

A memorial service will be held on a downtown street at 11:00 o'clock with an out of town speaker for the main address.

Pastors of all of Hamlin's churches will be invited to be on the speakers platform during the service.

A free barbecue for all ex-service men and their families is planned at noon. The barbecue will be staged in City Park and more than 300 people are expected to attend.

Climaxing the day's festivities will be a football game between Hamlin Pipers and the Rotan Yellowhammers, conference leading grid-ters.

Additional plans for the day's program will be published after the committees have selected the speaker for the day's program.

Members of the VFW committee are Huff, Harold Wheat, Travis Smith, C. W. Gold, James Wood, John Scarborough, Joe Culbertson and Lewis Yates.

## Plans Made for Annual Sale of Legion Poppies

Plans for the annual sale of poppies, manufactured by wounded and disabled veterans in government hospitals, are being made in Hamlin by the American Legion Auxiliary, Mrs. Gilbert Bowman, committee chairman, said this week.

The idea of using the poppy as a perpetual memorial to the war dead arose shortly after the first World War, Mrs. Bowman said. It came about because of the large number of poppies that bloom in France where so many American men died.

The poppies are made by the disabled veterans during the year and sold to Legion Auxiliaries, who in turn sell them to the public.

Money derived from the sale of the paper flowers is used for the veterans' welfare and for their personal needs.

Exact date for the poppy sale in Hamlin has not yet been set, but will be announced within a few days.

## Sylvester Is Host to Singing Convention

Sylvester will be host to the Fishery County Singing Convention in its quarterly Fifth Sunday meeting, it was announced this week. The convention will be held Sunday afternoon and evening in the Methodist Church.

The Stamps-Baxter Ozark Quartet, widely known throughout this area, will be one of the featured attractions at the convention.

The quartet will also give a concert Saturday night, October 30 in the Sylvester Methodist Church, it was announced.

## VFW Pledges Gift to Hospital Each Month

A pledge of a cash donation of \$10 each month to the Hamlin Memorial Hospital was made this week by the Hamlin post of Veterans of Foreign Wars, members of that organization said.

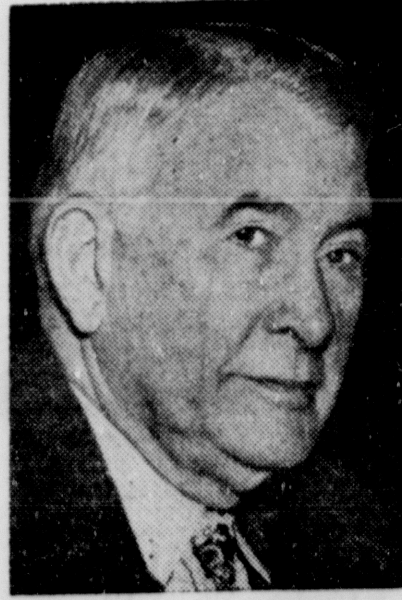

Later, the VFW said, it is planned to increase the amount to \$25 each month. The money is given in honor of the memory of young men who gave their lives in the service of their country, a spokesman for the group said.

IN CALLAN HOSPITAL. W. F. Johnson of Hamlin was given medical treatment in the Callan Hospital in Rotan last week. Mrs. Howard Neely of Sylvester was also a medical patient in the Callan Hospital.

Mr. and Mrs. O. J. Cash have moved from Hamlin to Presidio.

## It's Up To You Now

It is neither the purpose nor the right of The Hamlin Herald to tell any person how to vote; nor is it our intention to boost any candidate above any other candidate in the election set for next Tuesday.

But it is our purpose and it is our right—more than it is our duty—to insist that you and your neighbor and every other individual who is entitled to the right of franchise go to the polls next Tuesday and do your duty as a free citizen of a free republic.

For the past weeks and months you have been belabored by speeches and propaganda and charges and counter-charges. You have heard the virtues of one party extolled and the vices of the other exposed. You have heard candidates offer themselves for your service and you have heard their opponents denounce them.

It has been a typically American election, with much old-fashioned oratory and some slinging of mud, but it has been a re-enactment of one of our basic American traditions.

Millions of dollars have been spent in newspaper and circular advertising, and more millions have gone to bring you speeches on the radio. All of this money has been spent for useful purposes. All of it brings home to us the fact that in America we have the right to choose and select.

Now the campaign is drawing to a close. The work of the candidates is almost done, and the hoarse voices of their opponents soon will fade into echoless silence. Then, Mr. and Mrs. Voter of Hamlin, it will be up to you.

Your vote is important—vitally important. Upon it depends the survival of our system of government and our way of life. It is your privilege to vote, and more than that, it is your duty. You cannot be true to the trust of citizenship if you evade or neglect this important function.

In all other things you may be a model of virtue and a worthy American, but if you fail to vote next Tuesday you will lack that much of being a good citizen.

Go to the polls Tuesday and vote. Search deep within your heart and vote for the man whose record and whose platform comes nearer the principles upon which your own political theory is based.

And as you enter the polling booth, there will be no one but your own conscience and your own God to see the choices that you make.

Whatever other important matter you have planned for next Tuesday, don't permit anything at all to keep you from the exercise of this vital privilege which is ours as Americans.

**VOTE YOUR SENTIMENTS—BUT BE SURE TO VOTE.**

## Insufficient Attention

Not enough attention was paid one of the special "weeks" celebrated in the United States recently—not nearly as much attention as its importance should have commanded.

We refer to National Bible Week, which had been slated for October 18-24. The event passed almost unnoticed and with only a brief amount of attention being directed toward it from any of the groups which should have heralded it the loudest.

The Bible either is what it is claimed to be—the word of God—or it is only a myth. It either contains the way of life, or it is a monumental hoax cruelly foisted upon mankind by hypocritical charlatans.

If it is a myth and a hoax then it should be declared such and placed in the same category with the tales of Grimm and Anderson and the myths of ancient Greece. But if it is actually the word of God to His creation on earth, then it is deserving of greater respect and more careful reading.

Within the covers of the Bible one can find the most beautiful poetry, the most stirring adventure and romance, the most logical argumentation and the most profound wisdom of all ages. It contains the ultimate in moral codes and teachings that will enrich any life when studied.

Americans—the most blessed people of all ages—know the richness of heart and life that can come from a study of the Bible, but far too few of us take advantage of this great storehouse of wisdom.

It has been truly said that the Bible is sold more and read less than any other great book.

It would be well for us as a people to change this situation and make the Bible not only the widest sold book, but also the most read.

## Figure Out This One

Just 12 years ago the national administration was spending a bit less than \$5,000,000,000 to stimulate business and make prices go zooming upward. Now the national administration is spending about eight times as much money as it did in 1936 and appealing all the time for the election of Truman and Barkley in order to "whip high prices."

We can't understand it. We just can't understand it at all. Can it be that somewhere along the line there is a point where excessive spending ceases to make prices go up and begins to make them go down? —San Angelo Standard-Times.

You cannot dream yourself into a character; you must hammer and forge one for yourself.—Froude

## Rites for Meads Held at Tuxedo; Was Known Here

Funeral services for Elmer Earl Meads, 50, Tuxedo farmer, were conducted Monday afternoon in the Tuxedo Baptist Church with Rev. Miles B. Hayes, pastor of the First Baptist Church of Stamford in charge.

Meads was stricken with a heart attack while on the way to his home Saturday night. He died about 10:50 in the Stamford Sanatorium shortly after the attack. Mr. and Mrs. Meads had been in Stamford and were enroute home when he became ill.

A native of Texas, Meads was born December 11, 1897. He came to Jones County in 1907, and was married to Bonnie Ethridge of Tuxedo in 1916.

Burial was in the Fairview Cemetery at Tuxedo, directed by Kinney Funeral Home.

In addition to his widow, Meads is survived by three daughters, Mrs.

## Brisk Trading Stirs Cotton Prices In Oklahoma-Texas Area Last Week

Good demand for most cotton stirred up brisk trading last week at Oklahoma and Texas markets, according to reports recently made to the Production and Marketing Administration, United States Department of Agriculture.

Sales at Dallas, Houston and Galveston climbed to 129,220 bales, or about four per cent larger than the previous week. A similar rise in sales occurred at the nation's 10 leading spot markets.

Prices held firm throughout last week. Highest price paid in the two states for middling 15-16 inch was 31.20 cents per pound at Galveston and the lowest was 30.60 cents at Dallas. Average price for the 10 markets was 31.14 cents last Thursday only 34 points below the average on the corresponding day last year.

More European countries entered the cotton market last week to improve export demand. Also, inquiries from domestic mills for both prompt and deferred shipments increased. Demand for current ginnings was good and a moderate volume move into trade channels at prices equal or above the government loan rate. Farmers were offering more freely than in recent weeks.

Oklahoma and West Texas reported excellent progress in picking and ginning of the cotton crop as fair weather prevailed. More pickers are needed in some West Texas counties.

Cottonseed prices to farmers went up \$1.00 per ton in Texas. Average price for the states stood at \$65.40 per ton with prices ranging from \$60 to \$85. Average price paid to Oklahoma farmers was \$60.50 per ton last week, only 10 cents lower than the previous week's average. Prices ranged from \$60 to \$70.

Cottonseed grades averaged higher in Oklahoma, but lower in Texas last week.

Mrs. D. J. Turner and daughter, Mrs. Nettie Williams, returned this week from Dallas and Fort Worth, where they had been guests of relatives.

## Social Security Man To Visit Stamford

Ralph T. Fisher, manager of the Abilene office of the Social Security Administration, will be at the Stamford Post Office at 3:00 p. m. on Thursday, November 4. On the same day he will be at the Haskell Chamber of Commerce at 10:00 a. m. Persons wishing to file retirement or death claims, or having social security problems to discuss, should call at whatever point is most convenient.

"Going to work on a new job without showing your social security card to the employer is as big a gamble as putting money in a bank without giving your name," says Fisher, "your wages can't be posted to your old-age and survivors insurance account, just like your money can't be credited to your bank account. And the chances are that your Federal insurance account is more valuable than your bank account."

"You want to be certain that all

## Hallowe'en Carnival Planned at McCaully

A Hallowe'en Carnival and celebration will be held at the McCaulley High School Friday night, October 29, it was announced this week by S. L. Smith, superintendent of McCaulley schools.

Plenty of food and games for everyone is promised in the entertainment, Smith said. Booths will include fortune teller, house of horrors and a cake walk.

The evening's entertainment will be climaxed by the crowning of the high school queen.

of your wages are posted to your account," Fisher said, "because the retirement or survivors benefits that you and your family will collect is a percentage of the wages that have been entered into your account. The way to assure that all of your wages will be posted is to show your social security card to each employer at the time that he puts your name on his payroll."

## State University to Make Survey of Teacher Shortage; Need Grows Acute

Why aren't there more college students training to become elementary school teachers?

This question is being asked by school administrators throughout the state; so the University of Texas is going to do its part in helping to find the answer. This fall a survey will be made in the College of Education to find out why more students are not interested in teaching in the elementary grades.

Attention was focused on the need for elementary teachers recently when Superintendent M. P. Baker of Corpus Christi schools circularized a letter to college and university administrators and deans pointing out that thousands of dollars are spent by schools each year in retaining

secondary school majors into elementary majors.

"The trouble lies in present archaic certification laws, and differentials in salary," Dr. Cora Martin, University elementary education professor, said. "One of our greatest needs is that of united effort of all educational forces toward removing known reasons for the unpopularity of the elementary school level of teaching. Concerted action on the part of administrators could change the certification laws, and this same group could remove the salary differentials in all schools."

"Other steps could establish prestige for elementary teachers, such as the discontinuance of putting all the inexperienced teachers in the

elementary grades, the placing of high school trained teachers in elementary grades, and assignment to high school teachers of all responsibilities that carry honor and recognition."

The proposed amendment applies to only 47 appellate judges and 132 district judges over the State.

## 62,000 Texas Students Defective in Speech, Head of Institute Declares

There are more than 62,000 speech defective youngsters attending elementary schools in Texas today—"and another 8,300 will be added next year"—a study by the Institute of Logopedics revealed this week.

The Texas figures were a part of a general study of the number of speech-defective youngsters in the nation's schools.

In what he called "a frank attempt to make the public aware of the plight of speech defective persons," Dr. Martin P. Palmer, director of the Institute, explained that the grim prediction for 1949 was "nothing unusual," but was based upon the fact that five per cent of the children born in any year will have speech defects to overcome.

In America today, he said, 4,000,000 persons are handicapped by speech disorders—a number equal to two-thirds of the population of the Lone Star State.

"Speech defects have baffled medical science for hundreds of years, so far as preventative measures are concerned," Dr. Palmer said, "and there is no ground for hope that Texas or the nation can expect any decrease in their occurrence. However, in the field of correction—that is, logopedics—great strides have been made in the

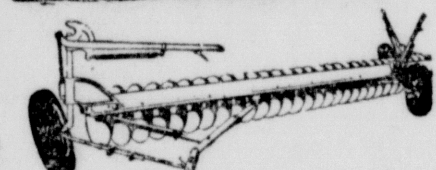

last two decades. It has been demonstrated that even severe types of speech defects can be corrected by scientific training.

"This gives rise to the hope that in the not too distant future establishment of adequate facilities and adoption of logopedics as a career by a sufficient number of young men and women will make it possible for all of the speech-handicapped to have professional assistance. However, this time will not come until there is greater public concern over the problem of speech defects."

## Sentinels of Health

Don't Neglect Them!

Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of toxic impurities. The act of living—life itself—is constantly producing waste matter the kidneys must remove from the blood if good health is to endure. When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel tired, nervous, all worn out.  
Frequent, scanty or burning passages are sometimes further evidence of kidney or bladder disturbance.  
The recognized and proper treatment is a diuretic medicine to keep the kidneys free of excess poisonous body waste. Use Doan's Pills. They have had more than forty years of public approval. Are endorsed the country over. Insist on Doan's. Sold at all drug stores.

## POT-SHOTS FROM McCAULEY

GEORGE DARDEN

Several of the local fathers and mothers attended the home coming at McMurry College in Abilene last Saturday. After enjoying a fine program of speeches, band concerts and singing we had six o'clock dinner with the students in the Iris Grisham dining hall. Following the dinner we went to the Fair Park where we saw one of the most thrilling football games when McMurry nosed out Abilene Christian College by a score of 13 to 9. It was a big day for the ex-students as well as the present student body and their parents.

Hubert Carson, a McCauley boy and a senior at McMurry College is president of the student body. He is a member of the College band and a singer of no mean ability. Another boy making good is Johnnie Max Jones also a member of the band and who sings with the McMurry Trio. He too is a senior, as well as his older brother, Bennie Ray.

Mr and Mrs Roy Miers from Dumas, visited Sunday with relatives in McCauley and Potan. Both are graduates of McMurry College and attended the McMurry home coming in Abilene over the week-end.

The McCauley Eagles tied the St. Joseph Academy team of Abilene last Friday on the McCauley gridiron. It was the best game of the season according to reports of all football fans in this vicinity. Although the McMurry lads were outweighed an average of 15 pounds the local players made up the difference in speed and expert handling of the ball. The score was 40 to 0 at the half. Shifty Howard Fought, on receiving the kickoff in the third quarter and with superb blocking by his team mates, ran 80 yards to pay dirt for the first touchdown. Extra point failed. St. Joseph made its lone tally late in the fourth quarter when No. 20 for the visitors caught a long 45 yard pass and went over standing up. The visitors failed to make the extra point. Thus the most exciting game seen in these parts ended in a 6 to 6 tie. Tyrus Hicks and Howard Fought, ends for the local lads, played jam up defensive ball and Pud Lawlis and W A Hawkins did some fine blocking and ground running. Both are good pass receivers. At one time during the game Hawkins intercepted a pass and ran 40

yards before being hauled down. Paul Waldrop and Howard Lawlis were two good reasons why the visitors could not penetrate the Eagle line. Both teams proved to be plenty good on both defensive and offensive plays. McCauley was undefeated and untied in three seasons until last Friday. The local lads are yet to be defeated. The St. Joseph team had won five games and was undefeated this season. The same two teams met on the McMurry gridiron the night of November 3 in Abilene. Let's go and root for the Eagles.

## Commissions Offered Qualified Veterans

Qualified veterans of the Armed Forces who have completed two years of college can get immediate commissions as second lieutenants in the Officers' Reserve Corps under a plan recently announced by the Department of the Army. Successful applicants will be given two years active duty with the Army.

The program is part of an intensive Nation-wide campaign to rebuild the officer strength, particularly in the company grades. The expansion of the Army has created many openings in the officer grades.

The offer is open to men between the ages of 19 and 32, who have had at least one year's active service in any of the Armed Forces of the United States during the period December 7, 1941, and June 30, 1947. The educational requirements specify that the applicant must have completed two years at a nationally accredited college or university, and score at least 110 in the Army's General Classification Tests.

Applicants must pass a physical examination and be approved by a board of officers. These boards are located throughout the United States, at Army posts and stations and at United States Army recruiting district headquarters.

This opportunity for commission status also is available to men now serving in the Army.
